If you are interested in a co-op/intern position beginning Fall Term 2017, and do not presently have an application on file, please attend one of the following co-op/intern informational workshops.

Although internship opportunities can offer some flexibility, please be reminded that co-op students must meet the following requirements:

- Students must be making satisfactory progress in a Wayne State University degree program.
- Students must possess at least a 2.0 grade point average. However, employers, when making selections, place emphasis on academic achievement.
- Students must have attained junior status (60 semester hours).
- Transfer students must successfully complete one academic semester prior to admission into the program, in addition to the above requirements.
